March 23, 2010

Mike Edwards  
Geneva Rock Products, Inc.  
1565 West 400 North  
Orem, Utah 84057

Subject: Approval of Notice of Intention to Commence Large Mining Operations (NOI) and Reclamation Surety, Geneva Rock Products, North Grantsville Quarry, M/045/0077, Tooele County, Utah

Dear Mr. Edwards:

The Division has received the reclamation surety for the North Grantsville Quarry mine and two copies of the NOI. The Division now permits you to begin mining operations as outlined in your large mining notice. The permitted disturbed area is 95 acres. The surety will be reviewed periodically to assure that the bond remains adequate.

The approval or acceptance of a complete notice of intention does not relieve an operator from his responsibility to comply with the applicable statutes, rules, regulations, and ordinances of all local, state and federal agencies with jurisdiction over any aspect of the operator's mining operations. On March 22, 2010, the Division received a letter from John Harja with the Public Lands Policy Coordination office with comments concerning air quality. Please review the letter and ensure you are in compliance with requirements of the Division of Air Quality.

Also enclosed are copies of the signed and executed reclamation contract and surety bond forms for your files. Also enclosed is a copy of the "approved" Notice of Intention to Commence Large Mining Operations for your files. Please keep your plan current by submitting changes using Form MR-REV-att, which is located on the web at [www.dogm.utah.gov](http://www.dogm.utah.gov).

All future correspondence should reference M/045/0077. Thank you for your help and patience in finalizing this permitting action. Please call me if you have any questions in this regard.

Sincerely,

Dana Dean, P. E.  
Associate Director of Mining
